

Step 2

If this is selected, helpers in step 3 should show helpers where helper types="Cleaner" and "domestic worker".

Calculations

Calculations

In Step 2:

- We are just giving the client an idea(cost estimates) of what to expect in step 3.
- Add option for people to select a branch(if possible)

service fee= R30

hourly rate= R40

Use this for giving the client an idea of how much the job can cost.

The rules as per the labour law:

- Helpers can not work more than 8 hours a day
- 45 hours a week

Step 3

Show information that is relevant to people looking for part time helpers
